

OBJECTIVE

I want to learn more about design and implementation in the real-world through web design. I hope to learn more about UI/UX in a professional setting.

SKILLS

I am...

- Organized
- A Good Communicator
- A Problem-Solver

I know...

- HTML5/CSS
- Java & JavaScript
- Proficient in jQuery, Ruby and Sass

I can use...

- Microsoft Office
- Google Drive
- Dropbox
- Adobe Suite

EXPERIENCE

FRONT-END DEV • THE VERA PROJECT • JAN 2018 -

I am part of the rebrand team responsible for re-creating the Vera Project website. This project is teaching me about back-end and servers, and my first experience working on a formal organization website. It is my responsibility to re-create the mock-ups given to us by designers in HTML/SCSS and JavaScript.

INSTRUCTOR AND FELLOW • CODENOW • JULY - NOV 2017

CodeNow tasked me with brainstorming and creating a solution to increase their community outreach. I built ProjectOp, a website that helps educate people about resources inequality in some places around the US. After completing the CodeNow workshop and fellowship, I was asked to come back to help teach the workshop. I taught 6 students basic web programming and design using HTML/CSS and JavaScript.

CODENOW WORKSHOP • 2016

For two weekends, I learned how to use Ruby and practiced coding logic with simple games like hangman and tic tac toe.

GIRLS WHO CODE SUMMER IMMERSION PROGRAM • 2015

For 7 weeks I coded alongside 20 other girls and learned concepts from Scratch to jQuery. My final project was a website about the 2016 presidential candidates. *Preview available at 27jasmine27.github.io/The-Campaign-Game*

EDUCATION

STUDENT • UW BOTHELL • SEPT 2016-

I am currently on track to become an Interactive Media Design major, with an emphasis on design and User Interaction/User Experience. Studying at UW is a priority for me as well as a passion; I hope to go on to be a Program Manager in UI/UX.

ALINA OSAULA

SOPHOMORE - UNIVERSITY OF WASHINGTON

I am also...

- Fluent in Russian, proficient in French
- A concert photographer
- Interested in project management positions in the future

STUDENT • INGRAHAM HIGH SCHOOL • SEPT 2013

I spent 3 years at Ingraham High School in the International Baccalaureate program. I started IB as a sophomore, and graduated one year early from high school. I was awarded honors at my school as well as recognition for graduating in the top 10% in Washington State.

VOLUNTEERING & LEADERSHIP

STEERING/SHOW MANAGER • THE VERA PROJECT • 2014 -

I have been a member of the Steering Committee at Vera for about 2 years and a show manager for one. I enjoy working with volunteers in the music industry, as well as doing outreach at events and managing shows. Show manager responsibilities include handling cash, merchandise and settling with artists.
